OBJECTIVES

In 2016 & 2017 I will be travelling between Asia, Europe and the United States to Judge at MMA Events.

As a Founding Member and Registered Official of MMA Australasia I have been very active in the Australian MMA Scene for the past 6 years. I don't have an accurate count of individual matches I've Judged but over the 67+ MMA Events I have worked at to date I'd estimate it's over 800 MMA Fights.

I've also been a Judge for around 500+ Submission Grappling Matches over the past 4 years working with the Lockdown Submission Grappling Events.

I will be based in Bangkok, Thailand in April & May of 2016 and then I'll be moving to the U.S. for June through to Dec 2016. I will be available to travel anywhere in the U.S. to work at MMA Events as an Official Judge.

If I need local Certification for your Events then please advise of requirements along with contact details.

I look forward to working with different MMA Promotions around the World.

MMA Judge - AJ Perry

CERTIFICATION

MMA Australasia

- Registered Official Judge
- Registered Official Time Keeper

EXPERIENCE

I have been Judging MMA Events and Submission Grappling Events since 2009. I cover mainly Pro Events using either UFC Rules or PrideFC Rules, but also local grass roots Amateur Events with modified "B" and "C" Class Rules.

Working with MMA Australasia I have become one of Australia's most active Judges. My goals now are to expand my experience by working with Promotions around the World.

The following is a record of the MMA Events I have worked at as either Head Judge or Judge...

2016 MMA Events

- 5th Mar 2016 Carnage In The Cage, Mackay, QLD
- 10th Jan 2016 FMD#8, Phuket, Thailand

ADDITIONAL INFO

I run my own Business online designing Websites, Sales Funnels, Email Marketing Campaigns and Writing Books. This allows me to work anywhere that I can get Internet access which also means I can travel wherever MMA Judging opportunities arise.

For more info please contact me via Email, Facebook or Skype as these work best due to the international travel and varying local timezones.
