To Whom it may concern

Re: Reference for Aaron J Perry

I submit the following reference in support of Aarons capability and committed service towards the sport of MMA in the capacity of a judging official.

As the President of MMA Australasia I can highly recommend and qualify Aarons ability and application in the delivery of officiating duties respective to Judging, time-keeping and associated cage/ringside duties.

Aaron has demonstrated a high degree of dedication, discipline and service towards the ongoing development and protection of the sport of MMA and has been actively officiating for over 6 years and as such has become one of our most active and longest serving officials within the MMA Australasia officials team.

I would be more than happy to provide further information in support of Aarons character, performance and achievements should it be required.

Kind Regards

Chris Haseman

President MMA Australasia
